Executive Transportation Expert

Q How would you describe the Oakmont Executive Transportation experience?

A Oakmont is a first-class experience from the time you pick up your phone to make a reservation until the time you arrive at your destination. Our 24 Hr professional and friendly office staff is available by phone or via the Internet, to provide assistance with your travel itinerary and confirmation. Our well-groomed, experienced and courteous chauffeurs will ensure that you have a stress-free and safe trip to your destination in one of our luxury vehicles.

Q What are some unique opportunities to utilize a transportation service?

A We love when people book our services for every day events just to add that special touch. Whether you want to ride in style to a baseball game, to see your favorite band play at one of the many local venues, or if you just want to head out for an evening on the town, Oakmont offers a large fleet of vehicles to accommodate any number of people.

Q What sets Oakmont apart from other LA-based transportation companies?

A It is important to me that each and every client is treated as a VIP. We're fully permitted, licensed and insured, and we have account managers to handle any corporate needs as well as personal, leisure travel or special events. As a local business we also contribute to various non-profits. Whether it's a package donation for an auction or transportation donations at specific non-profit events, we strive to make a positive impact on our community.
